ABOUT NRPA

The National Recreation and Park Association (NRPA) is the leading not-for-profit organization dedicated to building strong, vibrant, and resilient communities through the power of parks and recreation. NRPA advances this vision by investing in and championing the work of park and recreation professionals as a catalyst for positive change in service of equity, climate-readiness, and overall health and well-being. NRPA is the voice for the park and recreation profession; we invest in and advocate for park and recreation professionals because we know that an investment in parks and recreation is an investment in building communities that thrive.

For more than 50 years, the NRPA Annual Conference has been the premier meeting of the park and recreation community. Annual Conference attendees get an inside look at the latest products and services at our interactive Exhibit Hall, have the chance to connect with colleagues and experts in the field, and have access to hundreds of education sessions.

By sponsoring NRPA's conference, you also demonstrate your commitment to the park and recreation industry and the positive impact it has on public health, equity, and the environment. Your support not only elevates your brand's visibility but also helps drive change in communities. Together, we can ensure access to quality parks and recreation services that create lasting, positive outcomes for all.

IN 2024 NRPA
